

The appointment of Distinguished Member of the Regiment (DMOR) is an Active Duty action, governed by Army Regulation 600-82. The Association's only action is to make nominations. They have no influence on selections. All nominations shall be routed through the local Chapter President, who endorses the nomination and forwards it to the Association Secretary. Members not affiliated with a Chapter should send applications directly to the National Association Secretary. Nominations submitted after the deadline cannot be considered and will need to be resubmitted the following year.
